Your best friend lives in America. Every once in awhile you send her a parcel.

*Person B:* "I miss Jessie so much!"

*Person A:* "Yeah me too....we haven't seen here for 3 months now"

*Person B:* "Yeah but summer is close, she said she will visit for one whole month!!"

*Person A:* "I wish she could stay more than a month....but she needs to do her work plus travelling is so expensive these days!"

*Person B:* "Shall we prepare her the parcel today? I already wrote her a letter....did you get all the things she needed?"

*Person A:* "Yes I did. I also got her some other things I know she likes."

*Person B:* "Like what? Let me see! Oh her favourite biscuits! You are so sweet!!"

*Person A:* "And look what else?"

*Person B:* "Haha her favourite magazine! You think of everything don't you?"

Person A gets a box which is flat and needs to be assembled and taped.

*Person B:* "Let me help you with this....we will also need to put some tape to close it and maybe we should also tie it with a rope to make it super-enduring ...."

*Person A:* "Yes, here is the tape and the rope. Let me put the things inside first." Person A places the biscuits and the magazine in the box, along with a comp, a toy car and a teddy bear."

*Person B:* "Toys for her little one e?"

*Person A:* "Yes, he becomes two next week...!" Person B takes the toy-car out of the box and starts playing a bit with it. Then gets the comp and combs his hair...

Person A: “Oh, come on! Don’t take them out. We might forget something out of the box. Put them back, exactly as I arranged them. We need to have space for the toy-guitar...”

*Person B:* “Toy – guitar? Where is it? ” Person B looks around, finds the toy guitar and starts “playing” ..., laughing and dancing...

*Person A:* “You are such a child....If I knew how excited you would become, I would buy you one too...! Let me see... What else? No, I think that’s it....! We can close it now.” Person A has put everything in the box and Person B closes the box.

*Person A:* “Shall I cut a few pieces of the tape? ” She gets the scissors and cuts pieces of the tape. Person B gets the pieces and seals the box with it.

*Person B:* “Could you please cut me a piece of this rope too?” Person A tries to cut the rope with the scissors, fails and then gets a knife to do the job.

*Person A:* “There you are!” Person B gets the rope, and ties it around the box.

*Person B:* “That’s it! Now it can even go to the other side of the planet....safe and sound....”

*Person A:* “Let me write the address. Where is a pen?”

She gets a pen writes the address quickly.

*Person A:* “Can you send it tomorrow? I have to go to work early so I will not be able to make it to the post office”

*Person B:* “Sure no problem. Let me lift it...hmmm it’s a bit heavy...so it will cost about 20 Euros...you agree?”

*Person A:* “Give it to me.....Maybe you are right. Take some extra money with you just in case.”

*Person B:* “Yes sure. Ah! We could weight it, so that we know exactly how much it will cost. Let me bring the scales.” Person B fetches the scales, places the box on it and reads the measurement: “yes, exactly two kilos!”
